PERSONAL PROFILE:

I am currently a student studying Software Engineering at Manchester Metropolitan University (MMU). I am looking for a place to work where I can increase and develop my fundamental skills and experience. During my course at MMU, I have been able to develop my research, problem solving and organisation skills. It has consisted of group projects which have enhanced my teamwork and communication skills. And so, I know that I can and will contribute a great deal of enthusiasm towards your company. I believe that I will succeed as I am extremely focused and determined to work hard.

SKILLS:

Programming and Coding:

In my spare time I have self-taught myself coding languages such as Java/HTML/CSS/JavaScript/PHP and MySQL. With the fundamentals of these coding languages, I've been able to start working on my own mini projects. Through my time studying software engineering, I have been able to further enhance my programming knowledge, which in turn, has improved the quality of my coding & creativity.

WORK EXPERIENCE:

Company Name: ASDA – Longsight, Manchester

Job title: Sales/customer assistant **Dates:** 07/2019 – Present

Tasks/ skills gained: mainly working in the Produce, Chilled and Bakery departments, replenishing stock, sorting out deliveries and marking down products for clearance. I also interact with customers, helping them with any enquiries. This not only advanced my customer service skills but, helped me bare more patience and handle difficult interactions with customers in the best of ways.

Company Name: Amazon warehouse – Trafford Park, Manchester

Job title: Sortation associate **Dates:** 08/2017 – 12/2018

Tasks/ skills gained: scanned packages/ parcels and sorted them by scanning them to their allocated bags, pallets or overflows. I gained experience in the usual warehouse environment, where I had to work at a fast pace during its peak time. This enhanced my time efficiency and my ability to work well under pressure.

Company Name: UberEATS - Manchester

Job title: Uber delivery rider

Dates: 02/2017 – 06/2017

Tasks/ skills gained: delivered food from Takeaways / Restaurants to customers' addresses in the required time. I gained a great sense of duty as I was responsible for the care of the foods I was delivering. I also gained exceptional customer service skills by interacting with the customers patiently and with respect, painting a positive image of the company to customers. I developed better time management skills by making sure that I delivered food promptly without any delay.

ACADEMIC BACKGROUND:

- **Institution:** Manchester Metropolitan University
Qualification: BSc – Software Engineering
Dates: 09/2019 – 06/2023
Grade: Pending
- **Institution:** Loreto Sixth Form College
